

FSB has been taking steps to help our community through this challenging time. We are committed to making sure that we continue to be a source of strength for our communities during this challenge. While we are currently limiting access to our branch lobbies for safety reasons, FSB is here to meet all of your banking needs. If you need an in person meeting, please call us for an appointment. We are working closely with our customers that may be challenged with additional financial stress. Please let us know how we can help you.

We live in the greatest country in the world, and our community is truly special. FSB has been here for more than 100 years, so we have helped our communities through challenges before. Each time we have come together and grown stronger. This time will be no different. Now more than ever, we are here to make a difference in the communities we serve.

Joe Urbanski

President and CEO
