FS Bancorp Reports December 31, 2023 Financial Results

LAGRANGE, **IN.** – FS Bancorp (the "Company") (OTCPK: FXLG) parent company of Farmers State Bank (the "Bank") announced earnings for the quarter ended December 31, 2023.

We are very excited about how we are positioned to start 2024. The Bank entered 2024 with increasing capital, solid liquidity, improved asset mix, no outstanding term debt and very good asset quality indicators.

FS Bancorp is pleased to report earnings for the quarter ending December 31, 2023. Net income for the quarter ended December 31, 2023 was \$1.7 million compared to \$4.1 million for the same quarter of 2022. Near the end of the fourth quarter, we executed a balance sheet repositioning related to our investment securities portfolio. The Company sold available-for-sale ("AFS") securities with a par value of \$70 million, composed of treasury bonds with a weighted average book yield of .85% and an average maturity of approximately one year. These transactions are designed to immediately improve net interest income and improve overall balance sheet flexibility in a volatile interest rate environment. \$30 million of the proceeds have been re-deployed into higher yielding treasury bonds with an average maturity of approximately 2 years. Fourth quarter and full year 2023 net income reflect an after-tax impact of \$2.2 million from the \$2.8 million pre-tax loss on the sale of securities. We expect the results of this repositioning to be immediately beneficial to earnings in 2024.

Core earnings continued to be solid with net interest income remaining relatively stable in a volatile interest rate environment. Net interest income for the quarter ended December 31, 2023 was \$9.0 million compared to \$8.7 million for the quarter ended September 30, 2023. Net interest income for the twelve months ended 2023 and 2022 were \$35.0 and \$35.4 million respectively.

Highlights of the fourth quarter of 2023 included the following items:

 Total loans were \$795 million at December 31, 2023 compared to \$747 million at December 31, 2022.

- Total deposits were \$1,051,106,000 at December 31, 2023 compared to \$1,066,962,000 at December 31, 2022, which represents a 1% decrease. Total deposits include \$69.5 million and \$22.5 million of brokered deposits at December 31, 2023 and 2022, respectively. Noninterest-bearing demand deposits were \$255.3 million at December 31, 2023 compared to \$259.2 million at September 30, 2023.
- Total equity increased \$13.4 million to \$101.4 million at December 31, 2023 compared to December 31, 2022.
- Asset quality remains very good in 2023. Net charge-offs during the fourth quarter of 2023 totaled \$16,000, and total delinquencies were 0.39% of loans at December 31, 2023.
- We prepaid \$20 million of Federal Home Loan Bank advances that resulted in a gain of \$531,000 during the fourth quarter of 2023.
- During the fourth quarter, we dissolved Farmers State Risk Management, Inc. (FSRMI) as
 we are expecting new guidance from the Internal Revenue Service (IRS) relative to captive
 insurance subsidiaries. Dissolving FSRMI did not have a material impact on our 2023
 financial results. While the IRS has not yet issued final guidance on captive insurance
 companies, the issuance of such guidance could have a material impact on our financial
 results in the period the guidance is issued. We do not expect the final guidance to have
 a material impact on the overall financial condition of FS Bancorp, and earnings for periods
 after the guidance is issued are not expected to be materially impacted.

The Company's Board of Directors approved a new stock repurchase program that allows the Company to repurchase up to \$7.5 million of its stock during 2023 and 2024.

We are pleased to have solid earnings for 2023. Thank you for your continued investment in FS Bancorp and your support of our Farmers State Bank team.
