

CLEARING CACHE AND COOKIES - Safari for iPhone and iPad

When troubleshooting issues with any site, always exit your browser completely after clearing your cache, before attempting to access the site again. In Windows, close all your browser windows; in Mac OS X, quit (Command-q) your browser.

1. From the home screen, Select Settings > Safari.

2. At the bottom of Safari's settings screen, Select Clear History and Website Data.

3. Select Timeframe and then click Clear History.
