

Card Management Guide

FSB Connect now allows you to manage or set-up Card Management settings via Online Banking or the Mobile app, please follow the instructions below. In order for these features to work, you must have an active debit card and be enrolled in Online Banking.

1. Login to Online Banking or the Mobile App. You will land on a Dashboard shown below.

2. Scroll down to Card Management and select the card you want to manage.

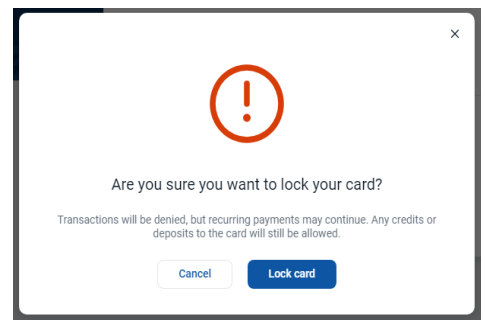

3. Click on the toggle button to turn your card off and on.

Green = On and Active

Gray = Off and Locked

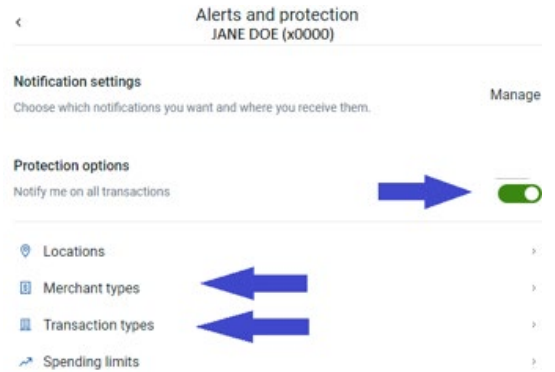

4. If you are turning your card off, a pop up message will ask if you are sure you want to lock your card. Choose Lock Card to turn the card off.

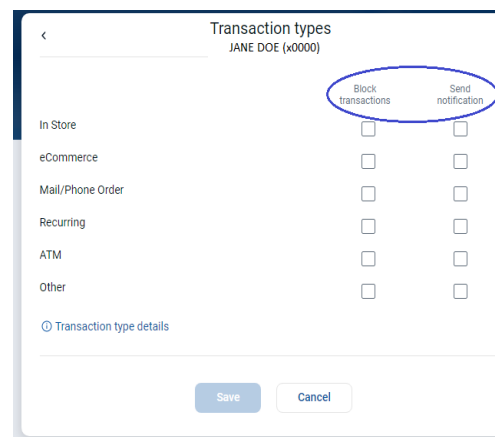

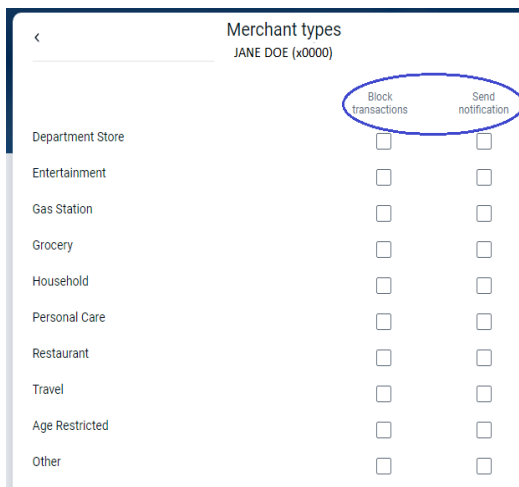

5. Under Card Services, click on Alerts and protection to manage your notification settings and protection options.

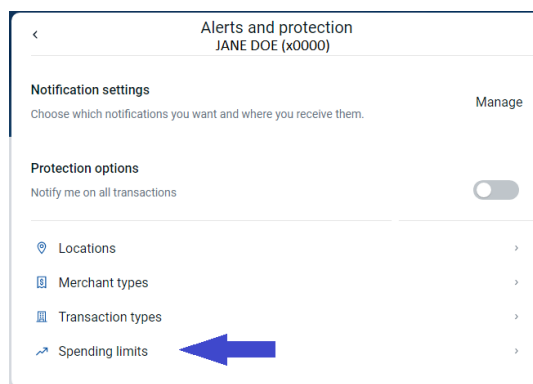

6. Turn the toggle on to notify you of all transactions. You can also select each type to either block or send a notification.

7. You can choose to block transactions and/or send in app notifications for different merchant or transaction types. Once you make your selection hit save.

8. Set up spending limits by going back to Alerts and protections. Then click on Spending Limits.

9. You can set Transaction limits and/or Monthly limits.

Transaction limits

Spending limit
Transactions over this amount will be blocked and an alert will be sent.

\$ _____

Spending alert
Transactions over this amount will send an alert.

\$ _____

Monthly limits

Monthly spending limit
Transactions that would bring your monthly spending total over this amount will be blocked and an alert will be sent.

\$ _____

Monthly spending alert
