FOR IMMEDIATE RELEASE

March 18, 2020

FSB Temporarily Closes Bank Lobbies – All Drive-Up Services will Continue

LAGRANGE, IN. –

Farmers State Bank continues to monitor the situation and impact of the COVID-19 Coronavirus.

Knowing that the safety of our employees, customers and communities are our primary concern, Farmers State Bank has elected to temporarily close all of our branch lobbies, and we will continue to provide all other forms of banking services including offering drive-up services at all branch locations. The branch lobby closures take effect on Wednesday, March 18th.

During this time, all Farmers State Bank Drive Up and Walk Up services will be available during normal business hours. Additionally, ATMs can be accessed at all times. Those needing additional assistance or more information can call 888.492.7111 or visit GoFSB.com. In addition, anyone that would like to apply for a loan, open an account or obtain access to their safe deposit box can call FSB to schedule an appointment. A listing of branches and hours of operation can be found on our website.

Customers that do not wish to visit a branch in person are encouraged to take advantage of one of FSB's electronic banking options including Online Banking, Mobile Banking, Text Banking or Telephone Banking. If you are not currently enrolled, the Bank's call center and branch staff are ready to assist anyone needing help with the enrollment process.

Farmers State Bank is here to be a source of strength in our communities during this challenging time. During this time we will provide the same awesome service you expect from FSB while doing our best to keep the community safe. Please reach out to your Blue Button Bankers with any questions or concerns. Thank you for your understanding.
